

P.E. Questionnaires - February 2017

Thank you to everyone who completed and sent back the P.E. questionnaire. I have had a look at the information and have put together some information to show the results. The information is based on the 80 completed questionnaires I received.

Overall both children and parents were very positive about the P.E. curriculum and extra-curricular activities we provide. Children commented that P.E. in school is 'amazing' and they feel 'happy'. They were very interested in taking part in a variety of sports clubs at lunchtimes. Parents are happy with the 'mile a day' run we have started and seem to understand the importance of leading an active, healthy lifestyle.

Do you enjoy P.E. lessons?

Which extra-curricular clubs would you be interested in taking part in?

We will look into offering some of the above sports in the next academic year.

Areas for improvement -

Key - Ideas for next academic year.

Things currently in place.

- *offer extra- curricular activities for KS1 children. KS1 club starting on Tuesday 2nd May 2017.
- *offer dance and gymnastics clubs after school.
- *have some P.E. lessons outside. This will happen as the weather is improving.
- *have longer P.E. lessons.
- *have a school tracksuit to wear for P.E.
- *have adult led sports activities over lunchtime. Year 4/5 children lead activities over lunchtime. Look into having coaches in school for the next academic year.
